

This year the Zeta Sigma chapter at the University of Delaware in Newark is hosting the sections 91 and 92 annual conference! With Saint Patrick's Day being on the same weekend, and far more importantly, the national theme of emphasis being "Blue and Gold Go Green: Environmentalism", what could possibly be more fitting than the theme of this year's sectional conference than *It's Always Service in Delaware: The Gang Goes Green!* So for all of you Saint Patrick's Day and Always Sunny in Philadelphia fans coming to the event, wear lots of green! Wear something that Mac, Charley, or those classy McPoyles would wear! And most definitely wear something creative!

The event will take place at UD's Smith Hall on Saturday March 19th, with registration beginning at 8am. Because lunch is not being provided, the registration cost will only be \$10 per person and includes a t-shirt, and should be done in advance by mailing it to Alpha Phi Omega at 218 Trabant University Center, Newark DE 19716.

APO LEADS courses will include Launch, Achieve, and Discover. Updates to the schedule will be made and shared soon.

For any questions regarding the conference feel free to contact us at apozetasigma@gmail.com. We look forward to seeing brothers from all over Delaware and Eastern Pennsylvania!
